In the Matter of:

PURCHASED GAS ADJUSTMENT)	
FILING OF THE UNION LIGHT)	CASE NO. 8373-G
HEAT AND POWER COMPANY)	

O R D E R

On April 16, 1982, the Commission issued its Order in Case No. 8373, approving certain rates and providing for adjustments of these rates on a quarterly basis in accordance with the provisions of the gas cost adjustment clause set forth therein.

On August 30, 1983, The Union Light, Heat and Power Company ("Union") filed its quarterly gas cost adjustment which is to become effective September 30, 1983, and is to remain in effect until December 30, 1983.

After reviewing the record filed in this case and being advised, the Commission is of the opinion and finds that:

(1) Union's notice of August 30, 1983, set out certain revisions in rates which Union proposed to place into effect, said rates being designed to pass on the wholesale decrease in gas costs from its supplier in the amount of \$1,387,795 or 12.5 cents per Mcf.

(2) Union's notice set out refunds due its customers in the amount of \$643,997 which includes a current quarterly supplier refund of \$17,694. Union proposes to refund this amount by applying a refund factor in the amount of 5.8 cents per Mcf. This amount includes interest at a rate equal to the average of the "3-Month Commercial Paper Rate" for the immediately preceding 12-month period less 1/2 of 1 percent to cover the costs of refunding.

(3) Union's notice set out a balancing adjustment in the amount of \$2,020,776 to compensate for previous over-recovery of gas cost by the company through the operation of its gas cost recovery procedure. Union proposes a balancing adjustment factor of 18.2 cents per Mcf to refund this past cost.

(4) Union proposes a gas cost recovery rate for exempt customers in the amount of \$4.780 per Mcf, a decrease of \$0.365 per Mcf. This decrease represents the combined effect of the supplier decrease, refund and balancing adjustments.

(5) Union's adjustment in rates under the gas cost adjustment provisions approved by the Commission in its Order in Case No. 8373 dated April 16, 1982, is fair, just and reasonable and in the public interest and should be effective with bills rendered on and after September 30, 1983.

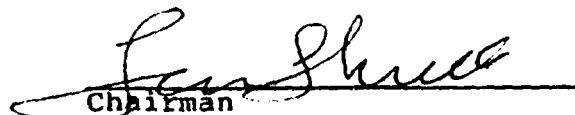

IT IS THEREFORE ORDERED that the rates in the Appendix to this Order be and they hereby are authorized effective for bills rendered on and after September 30, 1983.

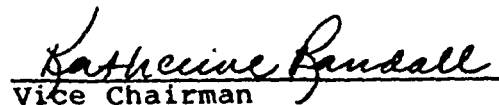

IT IS FURTHER ORDERED that the gas cost recovery rate for exempt customers shall be \$4.780 per Mcf effective for bills rendered on and after September 30, 1983.

IT IS FURTHER ORDERED that within 30 days of the date of this Order, Union shall file with this Commission its revised tariffs setting out the rates authorized herein.

Done at Frankfort, Kentucky this 9th day of September, 1983.
